

Toklas Wine List

The wines on our list have been created by winemakers who respect their land, the craft of winemaking, and the unique ability wines have in reflecting a place and their origin. Whether working in sustainable, organic, biodynamic or regenerative methods, they generally refrain from the use of chemicals and unnecessary additions both in the vineyards and the winery. We believe in the strength of healthy and living soils in producing distinctive, exciting and memorable wines, which each have their own story to tell. We are excited to share these stories with you, so please feel free to ask us for more guidance—we love making recommendations.

Our • symbol marks a special selection of wines that embody many of the qualities commonly associated with ‘natural wine’ winemaking approach. While ‘natural wine’ lacks a strict definition, these wines have some unique, distinctive, unconventional traits that might seem adventurous. The wines marked with • can appear cloudy, slightly sparkling, or deviate from traditional wine profiles, yet are wines we cherish and love to share with you.

Some of the wines we serve by the glass and carafe are from kegs which reduce wine’s carbon footprint by 75%, minimise wastage, and help retain freshness compared to bottles. By using kegs we can offer wine of great quality and value, as well as working in a more sustainable way. These are marked *on tap*.

For the first time this year we have partnered with Provence winemaker Valerie Courrèges on three Toklas cuvées—red, white and rosé. The wines have specially commissioned labels by artist Lubaina Himid, and are available to drink and to take away.

By the Glass & Carafe

Sparkling

Vinícola de Nulles, Adernats Cava de Guarda Brut Nature Tarragona, Spain NV 11.5%	<i>Xarel-lo, Parellada, Macabeo</i>	9	40
